International Conference on Solar Cells and Photovoltaics Technology

Dear Readers,

International Association of Advanced Materials (IAAM, www.iaamonline.org) is pleased to announce International Conference on Solar Cells and Photovoltaics Technology 2018, Sweden with collaboration of VBRI Sverige AB, Sweden (www.vbripress.com). The conference provides an interdisciplinary global opportunity for researchers, educators, technocrats, students, engineers and industry to present their latest research results, innovations, products and activities.

Call for abstracts is open in the International Conference on Solar Cells and Photovoltaics Technology 2018, which is going to organize on the "M/S Mariella, Viking Line Cruise" cruising from Stockholm (Sweden) – Helsinki (Finland) - Stockholm (Sweden) via Mariehamn, Åland during 25 - 28 March 2018. The organizers invite you to submit your abstracts through online abstract submission system and please encourage your collaborators/ colleagues/ students/ institute/ University to submit their abstracts by due date. Be part of "The World of Solar Cells and Photovoltaics Technology". 500+ Delegates from 80+ Countries meeting in 30+ Sessions, Symposiums & Exhibition.

Click here to Submit Abstracts in the [International Conference on Solar Cells and Photovoltaics Technology](http://www.vbripress.com/aemc18/pages/solar-cells-and-photovoltaics), Sweden.

Please read Call for Abstracts and **download abstract template**, www.vbripress.com/aemc18/pages/call-for-abstracts, Sweden.

Special Attractions

- Excellent speakers from industry and academia. It is a series of cruise event where 10+ international conferences and symposiums are hosted in the single vessel. We explore interdisciplinary connections with areas of solar cells and photovoltaics.
- There is a chance to visit two Scandinavian capital cities.
- **Access to all parallel events in a single registration fee.**
- IAAM Medal, IAAM Scientist Medal and Young Scientist Awards will be privileged by the International Association of Advanced Materials.
- Amazing experience of cruise hospitality and visit two capital cities of Scandinavia, not to mention the beautiful views you will experience the Stockholm archipelago on days.

Highlights of Activities

- Excellent Speakers
- Interdisciplinary Research Presentations
- Global Networking
- Strong Attendance from Industry and Academia
- Parallel Symposiums
- Industry Exhibition
- Training Courses
- IAAM Awards and Felicitation
- Amazing Experience of Cruise Hospitality
- Explore two of the Scandinavian Capitals
- Global Market
- Product Lunches

For more information about conference, please visit www.vbripress.com/aemc18/pages/solar-cells-and-photovoltaics and watch videos of conferences on [YouTube Chanel](#)

Look forward to meeting with you!

With kindest regards,

Hisatoshi Kobayashi
